## Local Citizens Seek H.S. Board Representation

### Windolph Resigns From Tustin High School Board

Mrs. Mildred Windolph, who has served on the Tustin Union High School Board of Trustees for the past nine years, resigned at last week's regular meeting of the Governing Board.

Plans to travel and family enterprises were given as the reasons for her choice to resign.

H. E. Balmer, board member who has served with Mrs. Windolph for the past six years, said that it was with great regret that the board was accepting her resignation. He praised her for her work on the board and for her dedication and service to the community and students.

In her letter of resignation Mrs. Windolph made the following requests:

"1. Please consider seriously the naming of the new gymnasium at THS for Miss Margaret Ramondetti, Director of Girls' Physical Education. Her unparalleled contribution to the training of this district's young women in appropriate skills and activities, will never be adequately measured. 2. Please give serious consideration to naming the academic portion of the first increment on the THS campus for the first president of the district Board, Mrs. Florence H. Stanley. Mrs.

Mrs. Mildred Windolph  
...nine years of service

Stanley served during the formation of the THS District, from 1921 to 1926, with distinction. 3. When the second increment, including the industrial arts wing is completed, it is my suggestion that it be named for Mr. Wayne Crowl, whose lengthy dedicated service to this district is worthy of such community appreciation. 4. Since the district's inception, the outlying portion of this district has been represented on this Board. It is my hope that you will be mindful of this in naming my successor, as well as choosing an individual whose basic concern is personal integrity and excellence in public education, devoid of political persuasion.

### Air California Schedules Nine Trips Daily to San Francisco

Air California will increase its Electra Jet flights to nine round trips a day with 11 round trips on Fridays and Sundays between San Francisco International and Orange County Airports beginning June 30.

The airline began service between the two points on January 16 of this year with five round trips daily. In April the round trips were increased to seven, and now to nine.

With the increase in flights, Air California is putting into service an additional Lockheed Electra. "We are astounded at the tremendous growth we have thus far achieved," says Richard A. Dick, executive vice president of the airline. "At first, most of our passengers originated from the Orange County area. Now, many San Francisco residents are beginning to realize the advantages of flying to Orange County. And with the beginning of summer, we are getting many people headed for Disneyland who formerly would have had to go through Los Angeles."

According to Dick, Air

California is far beyond its original passenger projections, and will fly passenger number 100,000 within the next month.

### Committee Gathering Signatures for So. TUHS District Board of Trustee Opening

By Carl E. Venstrom  
Editor and Publisher

A petition is presently being circulated throughout the El Toro, Mission Viejo, Laguna Hills, University Park and Irvine areas for signatures supporting a

recommendation to the Governing Board of the Tustin Union High School District that they appoint Mrs. Ruth Dicks to finish out the school board term of Mrs. Mildred Windolph.

The residents in the Southern part of the sprawling Tustin high school district want representation on the high school board and formed a committee last week to screen applicants and to prepare a petition to be signed by residents requesting local representation on the board.

The screening committee meeting, at the residence of Mrs. Kay Butler at 26186 San Rogue, Mission Viejo, decided to recommend Mrs. Dicks for the petition.

Mrs. Mildred Windolph, veteran board member for the high school district for the past nine years, submitted her letter of resignation at last week's regular board meeting and in her letter recommended a replacement from the El Toro-Mission Viejo area so that the rapidly expanding communities would have some representation in the decision making of their school district.

Citizens in the El Toro-Mission Viejo area were quick to act in holding meetings to enable them to make their recommendations.

### St. Nicholas Dedication On July 9 A.M.

St. Nicholas Catholic Church will be officially dedicated by His Eminence James Francis Cardinal McIntyre, Archbishop of Los Angeles this Sunday, July 9 at 10:30 a.m.

The ceremony will follow the Solemn High Mass, which will be presided over by His Eminence.

After mass when the congregation leaves the church, no one will be permitted to enter until Cardinal McIntyre opens the door and re-enters. Following this ritual, the congregation will enter behind him. Before he returns inside, however, His Eminence will walk around St. Nicholas in the formula of blessing the entire structure.

Celebrant of the mass will be Father Otto E. Sporrer, Pastor of St. Nicholas Church where the first masses were recited August 28, 1966. Father Percy J. Bell, pastor of St. Hilary Church, La Mirada. Sub-deacon will be Father Jerome E. Turba, newly ordained to the priesthood and who is serving as Assistant Pastor to Father Sporrer.

A Knights of Columbus Honor Guard and a complement of Marines from the El Toro Marine Air Station will officiate in the services.

### News Flash

At press time this newspaper learned that another citizen group in our area is being formed to consider a candidate recommendation to the Tustin Union High School District Governing Board for the replacement of Mrs. Windolph.

Chuck Waltman, El Toro resident and President of the Aliso Valley Homeowners Assn., has met several times with El Toro and Irvine residents on the advisability of supporting Mrs. Ruth Dicks or of throwing the board recommendation open to several candidates. One of the candidates under serious consideration by the group at this time is Chet Briner of Mission Viejo.

### Orange County Turf Club Gaining Support for Horse Racing Track

Orange County Turf Club picked up support this last week for their proposed thoroughbred race track to be built in the general area of Irvine, near Culver Road.

Support was received from Assemblyman Robert E. Badham (R-Newport Beach).

"The group has advised me of its plans and I would solicit support for it," commented Badham, representing the district where the track would be constructed.

However, State Sen. John G. Schmitz (R-Tustin), who also

represents the area in which the proposed track would be built, said he is not familiar enough with the group to say whether he would support its application.

The bill passed the Senate Finance Committee last Tuesday and was sent to the floor for consideration. If passed, the amendment to the present Horse Racing Code would give the new track an annual racing period of approximately 75 days.

## 32nd Laguna Festival of Arts and Pageant of the Masters Starts Six Week Run July 7

The 32nd Annual Laguna Festival of Arts and it's Pageant of the Masters opens a six-week run starting July 7-August 19.

Artists from the Laguna Beach area will display their works of art in open air galleries located at 650 Broadway, Laguna Beach, where visitors are free to browse from exhibit to exhibit. Media represented will include oil, pottery water color, collage, mosaic, and many others.

Tickets to the grounds can be purchased at the gate for 50 cents, and will entitle the visitor to a full day of art appreciation. Special amusements for the children will include a puppet show and an

individual drawing area where they are free to express themselves in the media of colored chalk.

Each evening the world-famous Pageant of the Masters will present "living pictures" numbering close to 30 representing a Kansas scene by Grant Wood to a Korean painting, and climaxed by Da Vinci's "Last Supper."

Approximately 500 people, mostly Laguna Beach residents, from City Councilman to kindergarten children, volunteer each summer to serve in the cast or crew of the Pageant.

Each posed re-creation of a great painting or classic sculpture

with living models is held for five minutes, and then with or two the next scene.

Opening at the same time as the 32nd Annual Festival of Arts is the

## EDITORIAL:

## Citizens Want Representation

Interested citizens in the El Toro-Mission Viejo area met last week to see what could be done to insure that they would have representation on the Tustin Union High School Board of Education.

A committee met with several persons interested in replacing the vacancy left by the resignation of Mrs. Mildred Windolph. Although the replacement decision will be made by the Governing Board, the committee thought that if they made a recommendation—backed by signatures—it might help persuade the Governing Board to appoint a member from the area to fill out the two year term left by Mrs. Windolph.

Warren Wilson, of El Toro, tenure of office on the board was up on July 1 and at the present time there is no board member from our area.

The committee that met last week agreed to endorse Mrs. Ruth Dicks for the board vacancy. Petitions are presently being circulated by citizens of our area in support of Mrs. Dicks.

Other groups in our area have been considering other candidates for the high school board vacancy. We also hope that other interested candidates will step forward.

It certainly would help the lines of communication and local support and

understanding if the El Toro, Irvine, Mission Viejo, University Park and Laguna Hills areas had some representation on the Tustin Union High School Board.

## Thank You, Mrs. Windolph

Thank you, Mrs. Mildred Windolph for a job well done!

This newspaper thanks you—on behalf of the thousands of students that have graduated from the Tustin Union High School District during the past nine years—for the time, energy and care that you have given to the school district as a member of the Governing Board.

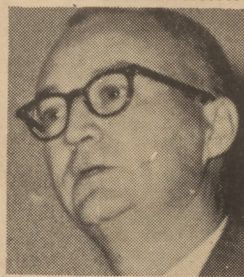

There are many parents, teachers and administrators that are also grateful for your lengthy service. Your dedication in building a strong, effective high school district during a time of rapid growth and change has been admirable and has been noticed by many citizens of our area.

The role of a board member during these changing times is not an easy one. You have been a strong individual, with convictions, that is able to lead and steer an organization.

## Chester Briner

## BLUE CHIPS...

## COMMON STOCKS AND THE COST OF LIVING

Common stocks are widely considered to be hedges against inflation. Why this is so becomes obvious when the following three questions are answered.

1. Have common stocks given protection against rising living costs, and if so, how well?
2. Has income from stocks offset rising living costs?
3. Have common stocks and dividends declined more than living costs during deflation?

## Fish in Deep Water

Water temperature continues to be an important factor in the trout activity at Irvine Lake.

The temperature of the lake in the deep areas, that is anywhere from fifty to eighty-five feet, is about fifty-six degrees. For fishing right now that means that the best catches are being made in the deep water areas at about fifteen to twenty feet below the surface.

The cooler water will allow us to continue planting trout at least through July. Each week close to 3,000 pounds of rainbow trout weighing a pound or better per fish was planted in the lake.

Bass, catfishing, and Crappie fishing remain very good according to Irvine Lake officials.

A recent study of the cost of living and stock prices during the period 1871-1965 reveals: Living costs have risen in over one-half of the 1 year periods since 1871. They have risen in 62% of the 10 year periods. Costs have gone up in 70% of the 15 year periods, 77% of the 20 year periods and 94% of the 30 year periods.

Obviously then, inflation has been a way of life in our economy for almost the entire period since the Civil War.

During the same periods, common stock prices, based on the Standard and Poor's Index of Industrial stock prices have reacted as follows: They have risen in 67% of the 1 year periods. They have risen 98% of the 10 year periods, 89% of the 15 year periods, 95% of the 20 year periods and 100% of the thirty year periods.

In other words, common stock prices have risen more consistently than has the cost of living. Furthermore, the study shows that, on the average, stock prices have risen more than the cost of living. In 50% of the 10 year periods, stock prices have at least doubled.

During the same periods, with living costs rising and stock prices rising, dividends have also risen. The percentage of periods that show dividend increases, during inflation, ranges upward from 73 percent. They have always increased during the 20 and 30 year periods.

How about deflationary periods? During one year deflations, stock prices have declined in a little over one-half of these periods. On average, during longer periods, stock prices have not dropped. During the same periods, with the exception of one year periods, stock dividends have risen over half of the time.

No wonder people look to stock investments to stay ahead of inflation.

## REFLECTIONS...

## AMERICA AND THE BRAIN DRAIN

Some sincere Americans are very worried about the brain drain which many underdeveloped nations are experiencing. These Americans believe that the brain drain is causing the poor countries to get poorer and the rich countries to get richer.

Actually the brain drain is not a modern phenomena. It actually started when America was founded. The foreign born Americans have helped to inspire our Constitution, enrich our culture, add to our inventions, push our frontiers and shed blood to preserve our liberty. America will always be a symbol of hope, opportunity, and challenge for those who are stifled by the rampant corruption, greed, bureaucracy, and lethargy which are so obvious in both the underdeveloped and the degenerating nations of the world.

A major portion of the brain drain comes from the foreign students who come to study in the U.S. I also came to study and later became a U.S. citizen. I chose America because of several reasons. The most important reason was that India had a great surplus of unemployed and misemployed brains. Secondly,

India did not need physicists but nutritionists, better farmers, and sane politicians. I can go on giving reasons for my decision but that will not answer the problem.

The second category that contributes to the brain drain is the body of engineers and scientists hired in the native lands by our large corporations or aggressive employment agencies. These engineers and scientists are generally frustrated by the lack of research funds, and no challenging work.

It is true that the second group of engineers and scientists did form a part of the economic base of their native lands prior to their emigrating but one must never forget that a frustrated scientist does not produce great thoughts. One should also question their percent contribution to their economies.

It is even more ridiculous to criticize the students who prior to their becoming permanent residents did not contribute anything to their native lands' economies.

In fact, we should worry more about the grain drain from our country which is making these very countries lethargic and irresponsible.

## El Toro Reserve Aids Sick And Aspires as TV Actor

Caring for sick Marines and sailors is not the only interest in the life of Hospitalman Second Class Ronald F. Pinkard, a Navy Reservist on active duty at El Toro's Station Hospital.

Pinkard is also an aspiring Hollywood star.

Film Star Raymond Burr, familiar to fans as TV's Perry Mason, is sponsoring the corpsman in his theatrical aspirations.

Pinkard is presently auditioning for a role as a heavy in an upcoming detective thriller entitled, "Ironside." The series, presently in the pilot stage, will star Burr.

If the series is purchased by one of the networks it will premiere during the Fall 1967 TV season.

After completing four years of active duty, between 1959 and 1963 with the U. S. Naval Medical Corps, he enrolled in the University of Colorado where he planned to continue in medicine. However, during the summer of

1966 he took a course "Introduction to Acting" and within months changed his minor from English Literature to a minor in acting.

He joined the Shakespeare Festival during the summer of 1966 but was forced to drop out due to financial difficulty. In September, he rejoined the stage group and has participated in 15 different productions since.

## Rancho Reporter Columnist Speaks To N.B. Kiwanis

Roshan Sharma, columnist for the RANCHO REPORTER, will be the guest speaker for the Newport Beach Kiwanis Club luncheon meeting on Thursday, July 13 at the Villa Marina Restaurant off Balboa Island.

Sharma will speak on "America's Role in South East Asia." He was raised and educated in India where he received his first A.B. degree. He later migrated to America and received an A.B. and M.S. degrees from the University of Southern California, and became an American citizen.

He lives in Tustin with his wife and three daughters. His weekly column "REFLECTIONS..." for the RANCHO REPORTER is a series of disciplined thoughts on the American scene as seen through the eyes of an Indian born American citizen.

## Red Cross Plans GI Christmas

The Orange County Red Cross Chapter is busy with preparations for launching "Shop Early '67."

This special community project, which last year sent more than 400,000 gift-filled Christmas ditty bags to U.S. fighting men in Vietnam, affords individual citizens and organizations the opportunity of sending various recreational and comfort items overseas through the help of Red Cross Chapters across the country.

"The most important reason why I urge participation in this particular program is that it will boost the morale of our fighting men and will let them know we care," commented J. Henry Valiquette, special projects chairman.

"The individuality of the gifts, the hand-written notes all contribute to the 'personal touch' which the Red Cross is stressing."

Items requested by most servicemen include writing paper, pens, playing cards, paper-back books, puzzles and other small games.

These gifts must be collected, packed and shipped well in advance of the holiday season in order for them to reach the proper destination on time.

Orange County's goal has been set at 2,500 ditty bags for Vietnam for next Christmas. Additional details can be obtained at Red Cross headquarters, 2215 N. Broadway, Santa Ana, or by calling 542-1137.

## OC Turf Club Picking Up Support

(Cont. from pg. 1)

Anita should not take this group lightly," related Badham. "It has experience and financial responsibility."

"Whether Hollywood Park and Santa Anita have enough power to prevent this group from getting a meeting is a good question."

"Orange County is a logical place if a new track is to be given a license and granted racing days by the California Horse Racing Board."

"It would have a potentially good effect on the economy of Orange County."

Max Sturges of Newport Beach,

attorney for the proposed club, said, "the new track and a deluxe hotel will be built in Orange County at a cost exceeding 20 million dollars on an easily

accessible 308-acre site adjacent to the Santa Ana Freeway on the north and bounded by the Santa Fe Railway line on the south."

A spokesman for the group says

it has a 56-year lease on the land. He refused to further pinpoint the site because the group is still trying to acquire more land and doesn't want the price to rise.

"THERE'S YOUR LOT," says Eldorado Homes salesman Ernest Mosher to Judy McBee and Stephen R. Mitchell, who were first in line at the opening of unit two of Eldorado Homes in Mission Viejo. To be married in July the young couple arrived 27 hours early and camped out

overnight - along with four other purchasers - to get the home and lot of their choice. Both graduate students at California State College at Long Beach, plan to start teaching at Mission Viejo schools.

## Day Elected To UCI Friends Head

James M. Day was elected president of the Friends of the University of California, Irvine at the annual meeting of the citizens' support group held on the campus June 28.

Day, president of Buzza-Cardozo greeting card firm in Anaheim, succeeds Baird M. Coffin, Laguna Beach attorney who headed the Friends of UCI for the past two years.

Other officers elected were Dr. Robert Crecca, Newport Beach, and Bernardo M. Yorba, Anaheim, vice presidents; Mrs. Milton Shedd, Newport Beach, secretary; and Louis J. Knobbe, Orange, treasurer.

Members of the executive committee in addition to the officers are: Walter Burroughs, Costa Mesa; E. J. Power, Newport Beach; Keith Cordrey, Fullerton; Harry Longway, Santa Ana; George N. Hale, Santa Ana; James Workman, Villa Park; Dr. Joseph P. Ersek, Anaheim; and Coffin.

By Janis Venstrom

La Paz Cleaners in Mission Viejo's La Paz Plaza is busy taking care of the clothes cleaning problems in and around Mission Viejo.

Helen and Yale Whitmer, owners, tell me that their customers to date have been very pleased with the quality cleaning La Paz Cleaners gives. They use the most modern up-to-date equipment for the clothes cleaning and therefore boasts the cleanest clothes in town.

The Whitmers like where they work so much that they are moving into a lovely home just a few blocks from their cleaners. I must say they are not too wild about the commuting they are having to do while their home is being finished. Buena Park is quite a trek.

Stop in with an armful of cleaning and meet your new neighbors.

John's Hardware in San Juan Capistrano is having a big Rubbermaid sale, so it might be well worth your time to give a look.

Rubbermaid rarely has sales so you might take advantage of stopping in John's Hardware within the next couple of weeks.

His address is 31815 Camino Capistrano, San Juan Capistrano.

Christmas in July is the theme La Tienda de Papel wants to carry out, by offering their customers an over all sale. Their ad is on page three of today's paper.

If you like to plan ahead and buy Christmas cards in July, La Tienda de Papel is your answer.

## 500 MV Residents In Program

More than 500 Mission Viejo residents, young and old, male and female, have signed up for the summer recreation program at Mission Viejo High School, reports Bob Minier, program director.

The 10-week program, sponsored jointly by the Tustin Union High School District and Mission Viejo Co., runs from June 19th to August 26th. While registrations have officially closed, Minier indicates that anyone wishing to sign up may do so at any time during the program.

Most popular activity when the program began was boys' softball with 77 swinging from the heels the first day. Arts and crafts was second in popularity with 58 dipping into paints and paste-pots on the 19th. Tied for third were boys' basketball and mixed adult volleyball with 56.

Minier is assistant basketball coach and golf coach at Mission Viejo High School. Assisting him in the program are Pat Roberts, head of the school's physical education department and head basketball coach, and Sally Palmer, a June '67 physical education graduate from California State College at Fullerton.

Information about late sign-up or any other aspect of the program may be obtained from Minier at 837-7722.

## Junior Golf Program At Golf Club

A six-day junior golf program, running from July 12-21, has been announced by Ed Wampler, head pro at Mission Viejo Golf Club.

Registration is in the Golf Club pro shop, July 5-11. The fee is \$6.

The program is open to any junior between the ages of 10 and 17. Entrants need not be residents of Mission Viejo to enroll.

The first three sessions on Thursday, Friday, and Saturday July 12-14, will cover the use of clubs; fundamentals of grip, swing, and stance; and long swings with irons and woods. The next three sessions, on Wednesday, Thursday, and Friday, July 19-21, cover approach shots, putting and a course demonstration.

The sessions run from 2-2:45 p.m. during the six day period of instruction. There will be a nine-hole tournament on the final day.

Equipment requirements for the program include tennis or golf shoes, a 5-iron or a 7-iron, and a 3-wood or a 4-wood. If there are any further questions, call 837-5604 and ask for Ed Wampler.

## Irvine Board Elects Newman

John V. Newman, prominent Ventura County citrus grower, was recently elected to the board of directors of The Irvine Company, it was announced by N. Loyall McLaren, chairman of the board, following the shareholders' annual meeting at Irvine Company headquarters on the Irvine Ranch.

Newman is manager and treasurer of the Utt Development Company, Ltd., president of the Seaboard Somis Lemon Association and the Ventura County Citrus Growers Committee and served as the first president of the Council of California Growers. He is a director of Southern California Edison Company and Sunkist Growers.

Newman was appointed to fill the vacancy created by the retirement of Arthur J. McFadden of Santa Ana. McFadden, a member of the board since 1947 and former president of The Irvine Company, will remain as an honorary director.

## Signatures To Tustin Board

(Continued from Page 1)

Upon completion of adequate signatures the recommendation committee will be presenting the petition to the high school board.

Mrs. Dicks, in an interview with the RANCHO REPORTER this week, said "I would be very interested in accepting an appointment to serve on the Tustin Union High School Governing Board. I think it very important that one of the five board members be a woman."

"I presently have three children attending junior high and high school," said Mrs. Dicks, "and I have the time and interest to do a

good job." She said that it is very important that the El Toro-Mission Viejo area be represented on the board so there would be better communication between the board and the residents living south of Tustin.

Mrs. Dicks has been a resident in the Tustin Union High School District for the past seven years. She has also served as an elementary teacher for three years and is an R.N. from the University of Minnesota. She previously served as assistant director in charge of nurses at the Westminster Hospital in Minneapolis.

Those desiring to get their names on the petition recommending Mrs. Dicks should contact Mrs. Calvin Lindley at 837-7664.

## UCI Handball Club Active

Members of the University of California, Irvine Handball-squash Club members will be able to use the campus courts four evenings a week, announced Dr. Ray Thornton, recreation sports director.

The courts will be available Monday through Thursday, from 6-9:30 p.m. The increased activity will begin July 10 and continue through September 14.

Only those individuals who have purchased handball-squash summer recreation sports privilege cards will be admitted to the evening sessions. The summer sports card fee is \$25 for the ten-week period.

Henry Burke, handball instructor at UCI, will be available to club members who desire additional instruction in either of

TO: Committee for El Toro-Mission Viejo representation on the Tustin Union High School Board.

I wish to add my name to the petition requesting the Tustin Union high school board to appoint Mrs. Ruth Dicks, to replace the vacancy created by the resignation of Mrs. Mildred Windolph.

## Mission Viejo Residents Organize Homeowners Assn., Elect Officers

More than 100 Mission Viejo residents attended the recent organizational meeting of the Mission Viejo Homeowners Assn. held at the Mission Viejo high school where a temporary steering committee was appointed.

The next official meeting of the organization will be held within the next two weeks when final election of the board of directors and other officers will take place.

At the present time Jeff Lodder has been appointed as chairman of

the Mission Viejo Homeowners Assn.; communication chairman, Bob Malliet; assistant communication chairman, Lloyd Kerner; publicity chairman, Otto Gulli and secretary, Mrs. Francis Harris.

Lee Steinbrook was appointed liason chairman assisted by Bill Simms and Bob Barnes; historian, Mrs. Elaine Selusky; by-law committee chairman, William Hickey, assisted by Bob Marusich, Bob Malliet and Walter R. Seluffky.

SEVERAL HUNDRED STUDENTS AND PARENTS attended the recent graduation of the Mountain View High School senior class in Santa Ana. Principal John J. Flood was happy to report at the graduation ceremonies that of the thirty-eight graduates, thirty of them are enrolled in college for next year and 13 are interested in becoming teachers. Staff photo.

## Continuation High School Handles Drop Outs And Adjustment Problem Students

By Carl E. Venstrom

The Continuation High School in California is a special school geared to meet the needs of the drop out and for the student who has adjustment problems in the normal high school.

The Tustin Union High School District Governing Board is presently studying the advisability of such a school. To acquaint the readers of our area with this type of high school this writer visited such a school in Santa Ana and interviewed their principal.

John J. Flood, principal of the Mountain View High School in Santa Ana, said that the faculty and the school practice a program

of individual study to meet the abilities of each student.

"We have no semesters," said Flood, and "each student works at his own pace. When a student successfully completes a unit of study, he must request a test from the teacher. If successful in the test, the student progresses to the next unit."

Mountain View had an enrollment of 250 students during the past year, and of these students, 211 worked part time and attended school regularly. Thirty-eight of these students, said Flood, received regular diplomas and of the 38 graduates, thirty of them

are enrolled in college for next year.

The faculty is trained in psychology and in the special handling of this type of student.

Guy Harvey, veteran Santa Ana high school teacher, said during an interview, "The first thing the teacher must do is to keep these kids interested enough to return to school the next day."

Since many of these youngsters were at the end of their educational road when they come to Mountain View, said Harvey, they appreciate-after making an adjustment to this new type of high school-the help of their teachers.

## Zellner Appointed MV Co. Treasurer

Donald G. Zellner, controller of Mission Viejo Company, has been appointed treasurer, it was announced this week by Philip J. Reilly, president of the development firm.

Zellner, a Certified Public Accountant, joined the company in February after five years with Arthur Anderson & Co. Earlier, he had been a financial administrator for the National Broadcasting Company.

Zellner is a member of the American Institute of Certified Public Accountants and the California Society of Certified Public Accountants. A graduate of California State College at Long Beach, Zellner and his wife, Jane, are residents of Anaheim.

Mission Viejo Company is currently developing Mission Viejo, new community 12 miles southeast of Santa Ana.

DR. EVERETT CALVERT, chief deputy superintendent of public instruction from Sacramento, was the guest speaker at the recent graduation of the Continuation High School (Mountain View) in Santa Ana. Staff photo.

# Artists Rejected by Festival Show

(Continued from Page 1)

3rd Annual Rejectionists, composed of artists rejected by the Festival of Arts.

The Rejectionists have taken the name Festival of the Artists for their show, which will be held in the vacant lot at 346 N. Coast Blvd.

The group has promised that no

Laguna area artist will be rejected from the exhibit.

As in the past, the Rejectionists have generated a lot of local interest.

"We had 21 artists sign up before we sent out our invitations," comments Mrs. Dolores Ferrell, president of the newly formed

Gallery Owners and Artists Assn., which is sponsoring the show.

About 100 invitations were sent out and replies are flowing in, she related. They went to artists residing in the greater Laguna area, from Monarch Bay to Irvine Cove and inland to El Toro Road.
